Hi Shane,
I hope you and your family are well. Thank you for your service in our Army. Anyway, I didn't see my letter and petition signed by over 30,000 Americans loaded onto the Pebble Project EIS COVID website like you said it would be. I saw others published on my birthday last week but not ours ☺. If you can upload it that would be great. I hope you are doing well. Thanks for all your work to protect Bristol Bayer's and Alaskan's! If you need me to send it to you yet again, let me know.
-Verner

Sir,
It will be made available on the project website (pebbleprojecteis.com) soon. If you would like it sooner, please go to the District website and request it under the Freedom of Information Act. Here is the link:

General Todd T. Semonite or Major General Scott A. Spellmon. I'm not sure how decision-making goes at Army Corps on granting this request. Mr. McCoy, please let me know if you've sent it to anyone else such as Colonel Borders as requested. Here is email 2/4 with some more of our petition signers (three total PDF's).

> Good afternoon, please see the attached letter and petition signed by 30,055 Americans. I am also attaching an opinion-editorial that was featured in the Anchorage Daily News. I know you have a unique consideration for Bristol Bay. Please know there are four separate emails with the petition documents that support us on Bristol Bay (this is 1/4). On behalf of my organization, I would request a receipt of my correspondence and for you to send to Colonel Borders as I don't have his contact information. Please let me know if you have any thoughts or questions.
